If You Experience Sexual Violence, Sexual Harassment, Stalking, Domestic Violence or Dating Violence

Mines is concerned about the safety and well-being of its community members. Its policies prohibit sexual harassment and sexual violence, including sexual assault, stalking, domestic violence, and dating violence.

Title IX of the Education Amendments of 1972 prohibits discrimination based on sex, including sexual harassment and sexual violence. The Violence Against Women Act amendments to the Clery Act require institutions to develop policies and procedures to address incidents of sexual violence, including sexual assault, stalking, domestic violence, and dating violence. Mines investigations are used to resolve situations involving allegations of sexual harassment and sexual violence. Mines investigation processes are handled as discreetly as possible, but confidentiality cannot be guaranteed. Mines prohibits retaliation for reporting sexual harassment, sexual violence, stalking, domestic violence, or dating violence and for supporting another person in making a complaint.
